## STATEMENT OF STANDALONE UNAUDITED FINANCIAL RESULTS FOR THE QUARTER ENDED JUNE 30, 2017

## (i). Exemption applied at transition

Ind AS 101 (First-time Adoption of Indian Accounting Standards) provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first time adopters. Ind AS 101 allows first time adopters exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the exemption in its financial results as below:

- a. Property, plant and equipment were carried in the statement of financial position under previous GAAP as at March 31, 2016. The Company has elected to regard such carrying amount as deemed cost at the date of transition i.e., April 1, 2016.
  - b. In respect of share based payments transactions, all grants of equity instruments that vested before the date of transition has not been considered for fair valuation.
  - c. In respect of Business Combinations, the Company has elect not to apply Ind AS 103 retrospectively to past business combinations i.e. to (business combinations that occurred before the date of transition to Ind ASs).
- (ii). Under previous GAAP, current quoted equity investments and mutual funds were valued at lower of cost and fair value. Under Ind AS, these financial assets have been classified as FVTPL on the date of transition and fair value changes after the date of transition has been recognised in the statement of profit and loss.
- (iii). Under previous GAAP, the Company was accounting employee stock option plans as per intrinsic value method. Under Ind AS, these have been accounted for at fair value of option as per Ind AS 102.
- (iv). Under previous GAAP, security deposits given by the Company against lease agreements for office premises at various locations were measured at transaction value ignoring the time value of money. Under Ind AS, these deposits were considered as financial assets and has been valued at amortised cost.
- (v). Under previous GAAP, goodwill was amortised on straight line basis over a period of 10 years. Under Ind AS, Goodwill is required to be tested for impairment at each reporting date. Hence, amount of amortisation made for goodwill under IGAAP has been reversed in the statement of profit and loss.
- (vi). Under previous GAAP, provision was being made on financial assets on incurred loss model. Under Ind AS, provision on financial assets is required to be made as per expected credit loss model considering the expected cash shortfalls from such financial assets and delay in expected realization from such financial assets.
8. Based on the information reported to the Chief Operating Decision Maker (CODM) for the purpose of resource allocation and assessment of performance, there are no reportable segments in accordance with the requirements of Ind AS 108 - "Operating Segment Reporting", notified under the Companies (Indian Accounting Standard) Rules, 2015.
9. The Company's financial results have, historically, been subject to seasonal trends between the last quarter and last financial year.

Traditionally, the academic session beginning from April contributes to higher revenue in the last quarter of the financial year. The Company sees a higher volume of book sales during the months of January, February and March because academic sessions start from the month of April. Ongoing revenue also demonstrate signs of seasonality, with revenue generally lower during other quarters, which are not close to the beginning of academic session.

These trends are likely to continue in the future.
