Eligible resolution applicants have time till September 12 to submit their plant. The final resolution plan for Jet Airways is expected to be submitted on September 27 before the National Company Law Thounal for its approval. On June 20, the NCLT initiated innolvency proceedings against the airline following an application moved by the State Bank of India. PRESS TRUST OF INDIA Washington, August 10

US PRESIDENT DONALD Trump on Saturday said China wants to settle trade issues with America as

settle trade issues with America as it is experiencing the "worst year" in decades, but reiterated that he was not ready for a deal. The US has imposed 25% additional import tariffs on more than \$250 billion worth of Chi-nese products An additional 10% inspect duties as

White House.
Trade talks between the US
and China started last November.
But after more than a dozen
rounds of talks in both Beijing and
washington DC, the talks have
not yielded any desired result.
As per the initial decision
taken by Trump and his Chinese
counterpart X i jinping last
November, the two countries were
scheduled to arrive at a deal in 100
days. Earlier this week, the US
declared China as a "currency
manipulator."
Over the last few days, Trump

declared China manipulator."

Over the last few days, Trump has said he is ready to take more action against China if the latter does not take steps to address his concerns. He often accuses China of backtracking on its promises and commitments.

"We are doing very well with China. We are talking to China.

We're not ready to make a deal, but we'il see what happens," rrumpsaid.

Retterating that the US has been hurt by China for 25-30 years, he alleged that none of his predecessors have done anything about it.

"We have no choice but to do what we're doing. It's working out very well. We called them on manipulation and they brought their numbers back, and they brought them back rapidly. They were able to do that because they manipulate, But that's — so ir's called of the control of th

price,"he said.

Trump claimed as a result of his policies, the US has been taking in billions and billions of dollars.
