Independent Auditor's Report

To the Members of Nirja Publishers & Printers Private Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Nirja Publishers & Printers Private Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 (Act), in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended (Ind AS), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profits including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics (CoE) issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Ind AS Financial Statements and our auditor's report hereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

MUMBAI
Chartered Accountants

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact, we have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process

Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

a) Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operative effectiveness of such controls.

c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e) Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures, and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the Annexure-B a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, based on our audit report we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

(d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

Vinod Kumar Bindal & Co. Chartered Accountants DELHI MUMBAI

(e) On the basis of the written representations received from the directors as on March 31, 2021 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014,,as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position -Refer Note No. 32 to the standalone Ind AS financial statements.

ii. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts.

iii. There have been no amounts required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Nirja Publishers & Printers Private Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Nirja Publishers & Printers Private Limited ("the Company") as of March 31, 2021, in conjunction with our audit of the standalone Ind ASfinancial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind ASfinancial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind ASfinancial statements in accordance with generally accepted accounting principles, and that

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind ASfinancial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Nirja Publishers & Printers Private Limited of even date)

1. a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets comprising 'property, plant and equipment'.

   b) The fixed assets comprising 'property, plant and equipment', have been physically verified by the Management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.

   c) The title deeds of all owned immovable properties (which are included under the head 'property, plant and equipment') are held in the name of the Company. In respect of immovable properties in the nature of buildings that have been taken on lease and disclosed under the head property, plant and equipment in the standalone financial statements, the lease agreements are in the name of the Company, where the Company is the lessee as per the lease agreement.

2. Inventory has been physically verified during the year by the management and according to the information and explanations given to us, no material discrepancies were noticed on physical verification. In our opinion, the frequency of verification is reasonable.

3. According to the information and explanations given to us, the Company has granted unsecured loans of Rs. 3.90 crores during the year and Outstanding Balance is Rs. 10.60 crores (PY Rs. 1.13 crores and Outstanding Balance Rs. 8.17 crores) to the companies which are covered u/s 189 of the act in respect of which:

   (a) The terms and conditions of the grant of such loan, in our opinion, prima facie, not prejudicial to the interests of the Company.

   (b) The schedule of repayment of principal and interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.

   (c) There is no overdue amounts remaining outstanding as at the year end.

4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

5. According to the information and explanations given to us, the Company has not accepted deposits during the year within the meaning of sections 73 to 76 or any other relevant provisions of the Act and does not have any unclaimed deposits as at March 31st, 2021 and therefore, the provisions of the clause 3(v) of the Order are not applicable to the Company.

6. In our opinion and according to the information and explanations given to us, maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013.

7. According to the information and explanations given to us, in respect of statutory dues:

   (a) The Company has generally been regular in depositing the undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and service tax,

Vinod Kumar & Co. DELHI MUMBAI Chartered Accountants customs duty, excise duty, cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, goods and service tax, customs duty, excise duty, cess and other material statutory dues in arrears as at March 31, 2021, for a period of more than six months from the date they become payable.

(c) According to the information and explanations given to us, the dues of income tax, sales tax, service tax, customs duty, excise duty, value added tax, goods and service tax and cess on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (in Rs Lacs)	Period to which the amount relates	Forum where dispute is pending
Income-tax Act, 1961	Income-tax	394.40	AY 2011-12	High Court, New Delhi
Income-tax Act, 1961	Income-tax	354.32	AY 2012-13	High Court, New Delhi

Note: Demand pertains to disallowance of deduction under section 80IC of the Income Tax Act. The company has not paid any amount towards this demand. The matter has been decided in Company's favor by ITAT and is currently pending with the High Court. The management is confident that the matter will be decided in company's favor.

8. In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of loan from bank or financial institution. The company did not have any borrowing from government or debentures.

9. The Company did not raise any moneys by way of initial public offer or further public offer (including debt instruments) and term loans during the year under review. Therefore, no comments on utilization of those funds by the Company are called for.

10. Based upon the audit procedures performed and information and explanations given by the management, we report that no fraud by the company or on the company by its officers or employees has been noticed or reported during the year.

11. According to the information and explanations given to us, no managerial remuneration was paid or provided by the company for the year. Therefore no comments are called for in respect of compliance with provisions of section 197 read with Schedule- V to the Companies Act, 2013.

12. The Company is not a Nidhi Company, therefore, no comments are called for in respect of compliance with the provisions of Nidhi Rules, 2014.

13. In our opinion and according to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the requisite details have been disclosed in the standalone Ind AS Financial Statements as required by the applicable Ind AS.

14. The Company did not make any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Therefore, no further comments in this regard are called for.

DELHI
MUMBAI
Chartered Accountants

15. Based upon the audit procedures performed and information and explanations given by the management, we report that that the Company has not undertaken any non-cash transactions with directors or persons connected with him during the year.

16. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

1. Corporate information

Nirja Publishers & Printers Private Limited (the Company) is a Private Company incorporated under the provisions of the Companies Act, 1956. The Company is wholly owned subsidiary of S Chand and Company Limited, which is holding company for all publishing business of S Chand Group.

These are standalone financial statements and, accordingly, these Indian Accounting Standard (Ind AS) financial statements incorporate amounts and disclosures related to the Company only.

2. Significant accounting policies

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended 31 March 2021, the Company prepared its standalone financial statements in accordance with accounting standards notified under the section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounting Standards) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016 (Indian GAAP).

The standalone financial statements have been prepared on a historical cost convention, except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

The standalone financial statements are presented in INR (Indian Rupees) and all values are rounded to the nearest Rupee, except when otherwise indicated.

Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note no 2.2 Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Estimation of uncertainties relating to the Global Health Pandemic from COVID-19

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, unbilled revenues, goodwill and intangible assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts and consensus estimates from market sources on the expected future performance of the company. The company has performed sensitive analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered, net of provisions established.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

2.2 Summary of significant accounting policies

a.) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

b.) Foreign currencies

Functional and presentational currency

The Company's financial statements are presented in INR, which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

c.) Fair value measurement

The Company measures certain financial instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets such as valuation of unquoted investments and significant liabilities such as contingent consideration, where ever applicable. At each reporting date, the Company's management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the Company's management or its experts verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

d.) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of services

Revenue from the sale of services includes income from royalty, which is recognised on accrual basis in accordance with the terms of agreement entered

Interest income

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head "other income" in the statement of profit or loss.

For all financial instruments measured at amortised cost and other interest-bearing financial assets, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

Dividend income

Dividend income is recognised when the company's right to receive dividend is established by the reporting date.

e.) Income taxes

Income taxes consist of current taxes and changes in deferred tax liabilities and assets.

Current income tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

In the situations where the company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the period in which the temporary differences originate. However, the company restricts recognition of deferred tax assets to the extent that it has become reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Appendix C to Ind AS 12 Uncertainty over Income Tax Treatment

Ind AS 12 Appendix C, Uncertainty over Income 'fax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effect on adoption of Ind AS 12 Appendix C would be insignificant in the financial statements.

Amendments to Ind AS 12: Income Taxes

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April I, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

f.) Property, plant and equipment

Under the previous GAAP (Indian GAAP), property, plant and equipment as at 1st April 2016, were carried in the balance sheet at cost, net of accumulated depreciation and accumulated impairment losses, if any.

On transition to Ind AS, the Company has elected to continue with the carrying value for all its item of property, plant and equipment as recognised in its Indian GAAP financial as deemed cost at the transition date, viz, 1st April 2016.

Capital work in progress, plant and equipment are stated at cost, net of accumulated depreciation and/or accumulated impairment losses, if any. Such cost includes the cost of replacing parts of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognises such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

All other repair and maintenance costs are recognised in the profit or loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use, is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognising of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Depreciation

Depreciation on property, plant and equipment was being provided on straight line method.

Depreciation on property, plant and equipment, other than leasehold improvements, have been provided on pro-rata basis, on the straight line method.

Followings are the estimated useful lives of various category of assets used:

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

Category of assets	Useful life as adopted by management	Useful life as per Schedule II
Vehicle	10 years	8 years
Computer	6 years	3 years

Assets costing ₹ 5,000 or less are depreciated entirely in the year of purchase.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

g.) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying asset are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Capitalisation of borrowing costs is suspended and charged to the Statement of profit and loss during extended period when active development activity of the qualifying assets is interrupted.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. It also includes exchanges differences to the extent regarded as an adjustment to the borrowing costs.

h.) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of tbe underlying asset to company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the company has concluded that no changes are required to lease period relating to the existing lease contracts.

i.) Impairment of non–financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no

Vinod Kumar Bindal & Co. ★ DELHI MUMBAI ★ Chartered Accountants

such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment of inventories, are recognised in the statement of profit and loss, except for previously revalued plant, property and equipment, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognized in the revaluation reserve up to the amount of any previous revaluation.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j.) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement
All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost
A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTOCI

A debt instruments is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instruments at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments

All equity instruments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's standalone balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset,

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss

Re-classification of Financial Assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the unconsolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Amendments to Ind AS 109: Prepayment Features with Negative Compensation

Under Ind AS 109, a debt instrument can be measured at amortised cost or at fair value through other comprehensive income, provided that the contractual cash flows are "solely payments of principal and interest on the principal amount outstanding' (the SPPI criterion) and the instrument is held within the appropriate business model for that classification. The amendments to Ind AS 109 clarify that a financial asset passes the SPPI criterion regardless of the event

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

Amendments to Ind AS 28: Long-term interests in associates and joint ventures

The amendments clarify that an entity applies Ind AS 109 to long-term interests in an associate or joint venture to which the equity method is not applied but that, in substance, form part of the net investment in the associate or joint venture (long-term interests). This clarification is relevant because it implies that the expected credit loss model in Ind AS 109 applies to such long-term interests.

The amendments also clarified that, in applying Ind AS 109, an entity does not take account of any losses of the associate or joint venture, or any impairment losses on the net investment, recognised as adjustments to the net investment in the associate or joint venture that arise from applying Ind AS 28 Investments in Associates and Joint Ventures.

The effect on amendment to IND AS 28 would be insignificant in the financial statements.

k.) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

l.) Contingencies

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

m.) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose statement of cash flows, cash and cash equivalents consist of cash at bank and in hand and short term investments with an original maturity of three months or less.

n.) Earnings Per Share (EPS)

Basic EPS amounts are calculated by dividing the net profit or loss for the period attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit or loss attributable to equity shareholders as adjusted for interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares.

Manufactured goods

The performance obligation is satisfied upon dispatch of the goods from company's warehouse.

The customer has a right to return the material to an extent as may be agreed upon with each customer or within the limits as may be determined by the company. However, since all such sales were made to intercompany customers, no instances of sales return were observed during the year.

Services

The performance obligation is satisfied over-time and payment is generally due upon completion of jobwork services and dispatch of goods from the warehouse.

27. Earning per share (EPS)

Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations

(Amount in ₹)

	For the year ended 31 March 2021	For the year ended 31 March 2020
Profit attributable to equity holders of the company	298,98,291	197,05,046
Weighted average number of equity shares used for computing Earning per Share (Basic & Diluted)	12,000	12,000
Basic EPS (absolute value in ₹)	2,492	1,642
Diluted EPS (absolute value in ₹)	2,492	1,642

28a. Income taxes

(Amount in ₹)

	For the year ended 31 March 2021	For the year ended 31 March 2020

29. Gratuity and other post- employment benefits plan

The Company has a defined benefit gratuity plan. Under the gratuity plan, every employee who has completed atleast five years of service gets a gratuity on departure at 15 days of last drawn salary for each completed year of service or part thereof in excess of six months subject to a maximum of ₹2,000,000.

Statement of Profit & Loss account

Net employee benefit expense recognised in employee cost:

	For the year ended 31 March 2021	For the year ended 31 March 2020
Current service cost	-	-
Past service cost	-	-
Interest cost on defined obligation	-	-
	-	-

Amount recognised in Other Comprehensive Income:

	For the year ended 31 March 2021	For the year ended 31 March 2020
Actuarial (gains) / losses on obligation	-	-
	-	-

Balance sheet

Changes in the present value of the defined benefit obligation are as follows:

	For the year ended 31 March 2021	For the year ended 31 March 2020
Opening defined benefit obligation	-	-
Current service cost	-	-
Past service cost	-	-
Interest cost	-	-
Benefits paid	-	-
Actuarial (gains) / losses on obligation	-	-
Closing defined benefit obligation	-	-
Current Portion		-
Non - Current Portion		-

The economic and demographic assumptions used in determining gratuity obligations for the company's plans are shown below:

	For the year ended 31 March 2021	For the year ended 31 March 2020
Discount rate	-	-
Expected rate of return on assets	-	-
Expected rate of salary increase	-	-
	-	-
Retirement age (in years)	-	-
Employee turnover:-	-	-
Service upto 5 years	-	-
Service above 5 years	-	-
Mortality rate	-	-

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The expected contribution for next annual reporting period is Nil (31 March 2020: Nil)

The impact of sensitivity analysis due to changes in the significant actuarial assumptions on the defined benefit obligations is given in below table:

	Change in assumptions	For the year ended 30 June 2020	For the year ended 31 March 2020
Impact of changes in discount rate			
Impact due to increase	+ 1%	0	0
Impact due to decrease	- 1%	0	0
Impact of changes in salary rate			
Impact due to increase	+ 1%	0	0
Impact due to decrease	- 1%	0	0

The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

39 Amalgamation Scheme Information

The Company has filed Draft Composite Scheme of Arrangement on January 9, 2018, amongst Blackie & Son (Calcutta) Private Limited ("Blackie"), Nirja Publishers & Printers Private Limited ("Nirja"), DS Digital Private Limited ("DS Digital"), Safari Digital Education Initiatives Private Limited ("Safari Digital") and S Chand And Company Limited ("S Chand") and their respective shareholders and creditors (Composite Scheme) with BSE Limited ('BSE') and National Stock Exchange of India Limited ('NSE') under Regulation 37 of the SEBI (Listing Obligations and Disclosure Requirements), Regulations 2015 and Circular no. CFD/DIL3/CIR/2017/21 dated March 10, 2017 ("SEBI Circular"). The Scheme inter alia includes amalgamation of Blackie & Nirja with and into S Chand, demerger of the education business of DS Digital & Safari with and into S Chand and amalgamation of residual business (after demerger) of DS Digital with and into Safari. The Company had filed the Scheme with NCLT. NCLT vide its order dated February 10, 2020 had directed to convene meetings of shareholders, secured & unsecured creditors of S Chand and meeting of secured & unsecured creditors of Nirja and DS Digital ("the meetings") for approval of the Scheme. However, due to Covid19 pandemic and nationwide lockdown the meetings were deferred. NCLT vide its order dated May 29, 2020 has directed to convene these meetings through video conferencing in the month of July 2020. These meetings were convened through video conferencing on July 17 and 18, 2020. Respective creditors and shareholders have approved the Composite Scheme and thereafter Company has filed a second motion application with NCLT for approval of the Composite Scheme.

40 Financial Instruments:- Financial risk management objectives and policies

The Company's principal financial liabilities, comprises loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments in equity shares and government securities, advances to related party, trade and other receivables, security deposits, cash and short-term deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks and advises on financial risks and the appropriate financial risk governance framework for the Company. The Board provides assurance to the shareholders that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.
Market risk comprises three types of risk:-
a.) Interest rate risk,
b.) currency risk and other price risk, such as equity price risk and
c.) commodity risk.
Financial instruments affected by market risk include loans and borrowings, investments, deposits, advances and derivative financial instruments.

The sensitivity analysis in the following sections relate to the position as at 31 March 2019 and 31 March 2018.

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of floating to fixed interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant in place at 31 March 2019.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions. The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with fixed interest rates. The following table demonstrates the sensitivity to a reasonably possible change in interest rates. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/decrease in basis points	Effect on profit before tax
31 March 2021		
Borrowings in ₹	+0.5%	-
	-0.5%	-
31 March 2020		
Borrowings in ₹	+0.5%	36,437
	-0.5%	(36,437)

b. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The Company does not have any foreign currency exposure as on the reporting date other than the company's functional currency.

B. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is not exposed to any significant credit risk from its operating activities (primarily trade receivables), including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. The ageing analysis of trade receivables (net) as of the reporting date is as follows:

Age Bracket	Current	0-180 days past due	181-365 days past due	366-730 days past due	More than 730 days	Total
As at 31 March 2021	23,74,762	-	-	-	-	**23,74,762**
As at 31 March 2020	85,27,914	20,79,508	151,88,596	9,84,657	-	**267,80,675**

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

C. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, and bank loans. The Company's approach to managing liquidity to ensure, as far as possible, that it will have sufficient liquidity to meet its liability when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company closely monitors its liquidity position and deploys a robust cash management system. The Company manages liquidity risk by maintaining adequate reserves, borrowing liabilities, by continuously monitoring forecast and actual cash flows, profile of financial assets and liabilities. It maintain adequate sources of financing including loans from banks at an optimised cost. The table below provides the details regarding contractual maturities of financial liabilities.

	As at 31 March 2021	As at 31 March 2020
On Demand		
- Borrowings	-	-
-Bank overdraft	-	79,615
	-	79,615
Less than 1 year		
- Trade payables	14,42,858	12,59,628
- Other financial liabilities	8,07,767	36,98,016
	22,50,625	49,57,644
More than 1 year		
- Borrowings	-	6,07,864
	-	6,07,864

41 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value. The Company seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the company's capital management is to maximise the shareholder value.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio between 5% and 12%. The Company measures underlying net debt as total liabilities, comprising interest bearing loans and borrowings, excluding any dues to subsidiaries or group companies less cash and cash equivalents. For the purpose of capital management, total capital includes issued equity equity capital, share premium and all other reserves attributable to the equity holders of the Company, as applicable.

Company's adjusted net debt to equity ratio as at 31 March 2021 is as follow: (Amount in ₹)

Gearing Ratio	As at 31 March 2021	As at 31 March 2020
Borrowings (including current maturities)	6,07,864	41,64,596
Less: Cash and cash equivalents	(46,39,301)	(39,830)
Adjusted Net debt (A)	**(40,31,437)**	**41,24,766**
Equity	8079,01,642	7780,03,351
Total equity (B)	**8079,01,642**	**7780,03,351**
Total equity and net debt [C = (A+B)]	**8038,70,205**	**7821,28,117**
Gearing Ratio (A/C)	0.00%	0.53%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2021 and 31 March 2020.

42 Fair value of financial assets and liabilities

(Amount in ₹)

Set out below, is a comparison by class of the carrying amounts and fair value of the company's financials instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	31 March 2021			31 March 2020		
	FVTPL	Amortized cost	FVTOCI	FVTPL	Amortized cost	FVTOCI
Assets						
Non current financial assets						
- Investments	1,90,840	2080,77,381	-	1,07,115	2065,75,165	-
- Loans	-	4696,21,251	-	-	4090,24,225	-
Current financial assets						
- Investments	46,22,867	-	-	14,62,935	-	-
- Trade receivables	-	23,74,762	-	-	267,78,561	-
- Loans	-	3,49,623	-	-	3,49,623	-
- Cash and cash equivalents	-	46,39,301	-	-	39,830	-
- Other financial assets	-	70,939	-	-	70,939	-
Liabilities						
Non Current Financial liabilities						
- Borrowings	-	-	-	-	6,07,864	-
Current financial liabilities						
- Borrowings	-	-	-	-	79,615	-
- Trade payables	-	14,42,858	-	-	12,59,628	-
- Other financial liabilities	-	8,07,767	-	-	36,98,016	-

Vinod Kumar Bindal & Co. DELHI MUMBAI Chartered Accountants

The following assumptions/ methods were used to estimate the fair values:

i.) The fair values of trade receivables, cash and cash equivalents, other current financial assets, trade payable and other current financial liabilities are considered to be same as their
ii.) Fair value of quoted financial instruments is based on quoted market price at the reporting date.
iii.) The carrying amount of other items carried at amortized cost are reasonable approximation of their fair value.
iv.) The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The fair values of the quoted notes and bonds are based on price quotations at the reporting date.

43 Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.
Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.
Level 2: valuation techniques for which the lowest level input that has a significant effect on the fair value measurement are observable, either directly or indirectly.
Level 3: valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2021:

(Amount in ₹)

	Fair value measurement using		
	Quoted prices in active markets (Level 1)	**Significant observable inputs (Level 2)**	**Significant unobservable inputs (Level 3)**
Assets measured at fair value:			
Quoted equity shares	1,90,840	-	-
Mutual Funds	46,22,867	-	-

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2020:

	Fair value measurement using		
	Quoted prices in active markets (Level 1)	**Significant observable inputs (Level 2)**	**Significant unobservable inputs (Level 3)**
Assets measured at fair value:			
Quoted equity shares	1,07,115	-	-
Mutual Funds	14,62,935	-	-
